IMPORTANT INFORMATION ABOUT YOUR ACCOUNT

IMPORTANT INFORMATION: The Card Organizations actively monitor merchant transactions to determine if the appropriate Merchant Category Code (MCC) is being used. The MCC is a four-digit code assigned to describe your primary business based on annual sales volume and it is also used to determine the interchange your transactions clear at and other processing fees. Card Organization Rules require the appropriate MCC to be assigned to each merchant and such MCC must be included in both the authorization and settlement record. Failure to comply with these regulations can result in fines and/or termination of your merchant processing account. Please Note: This message is for informational purposes only and no action is required of you unless you receive notice from us that there is an issue with the MCC assigned to your merchant processing account.

REMINDER NOTICE: Effective October 18, 2013, American Express is modifying the Inbound Fee of 0.40% to apply to any charge issued outside the United States, including Prepaid Cards. For the purposes of this message, "outside of the United States" includes Puerto Rico, U.S. Virgin Islands and other U.S. territories and possessions.

IMPORTANT NOTICE: In response to increases announced by the Card Brands to network access fees and our own pricing considerations, your MasterCard, Visa and Discover Access Fees (as applicable) will increase by the amount of \$0.0025 per authorization, effective October 1, 2013. Continuing your merchant account with us or use of your merchant account after the effective date shall constitute your acceptance to these terms.

IMPORTANT NOTICE: Effective October 21, 2013, MasterCard will implement a new Card Validation Code 2 (CVC2) transaction fee of \$0.0025. We will charge this fee to your account for transactions acquired in the U.S. Region with the CVC2 (Three digit code on the back of the MasterCard issued card) included in the transaction for authorization and the CVC2 response value equals 'M' (Match) or 'N' (Invalid/did not match). The fee will not be applied to Account Status Inquiry (ASI) requests.
